

The Bulletin for the Project of Youth Are Here I

(May 1st – June 30th 2013)

May 1st – May 30th 2013

Preparation Training Before Project Implementation: The training course 'Action 1.3 and 5.1; Before Implementation' was organized by the EuroMed Youth Centre. The mission of this training course is to make the participants whose application forms were approved aware of the process of project implementation. This is done by making use of experiences of previous and similar processes. To be sure that enough information was included, we attended the preparation course before we carried out our project.

Meeting of the Trainer Team and the Project Team: For the training course carried out for the project, Onur CIFTCI, Bahadır ULGEN, Mehmet KUZU and Serap YETER, who are also National Agency trainers, were contacted. The activities to be performed during the training courses of the project were reviewed by setting up the trainer team, and a meeting on project methods was organized.

June 30th 2013

Preparation of Promotional Materials Before the Implementation of the Project, and Preparation Work for the Project Campaign: Promotional materials, which could be used by participants during the project were gathered together to make the project more accessible. In the context of these preparations, the training courses and the campaign for the project; “Be Aware Youth Are Here” was initiated.

Finishing the Preparation Work for the Project Activity Programme, and Designing our Project Website: We made a free website for the project as part of our university website. We finished the programme activities and announced them on every social network. You will be able to see the details on our next issue.
